ATTACHMENT TO PTO-462

First, appellant has not provided each of the specific items (i.e. the nine headings) required by 37 CFR 1.192(c). For example, there is no "Grouping of Claims" heading. See MPEP § 1206. Applicant is reminded that 37 CFR 1.192(c)(7) requires compliance between the grouping of the claims and the corresponding arguments.

Second, appellant has not filed a formal amendment placing the claims in proper form in response to the requirement in the last office action. A separate amendment is required to correct the deficiencies noted in the last office action, in particular, amending claims 9,15, and 21 with respect to the *original* patent only (by underlining and/or bracketing) and completely underlining claims 42 - 151 with no bracketing. For example, note claims 73, 82, 96, 100, and 120. See MPEP § 1453. The copy of the pending claims should be in accordance with MPEP § 1454.

Third, applicant must incorporate the supposed amendments to claims 91 - 123 in the formal amendment. Such amendments cannot be made only to the copy of the claims in the Appendix. Applicant is reminded that specific amendments to new claims must be addressed in the Remarks. See MPEP § 1453 *Amendment of New Claims*.

Fourth, there are two copies of claims 72 and 94 in the Appendix.
